

Oysters are among the highest marine shellfish production in USA.

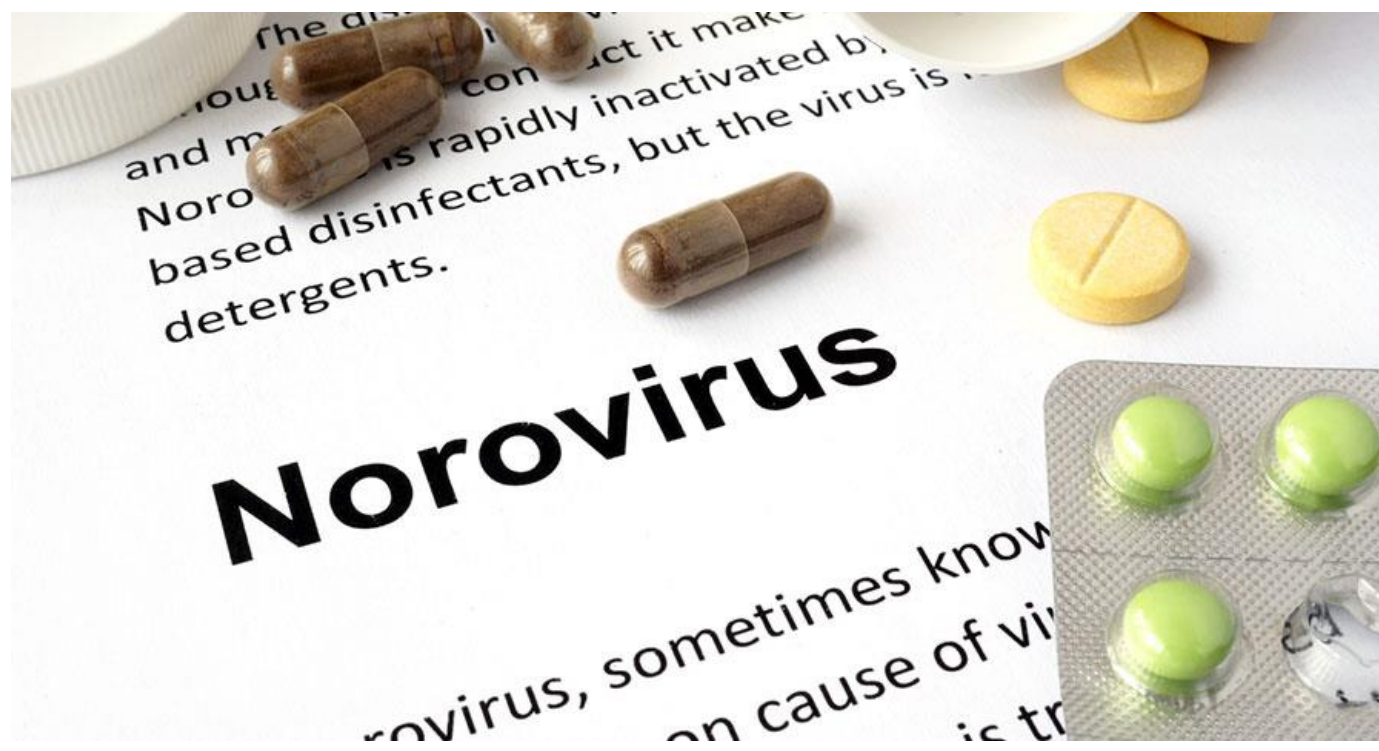

USA Oyster Commercial Landing

Thu May 3, 2018

Canadian oysters sicken dozens in California, officials say!

Low
Salinity

Low water
temperature

Heavy
rainfall

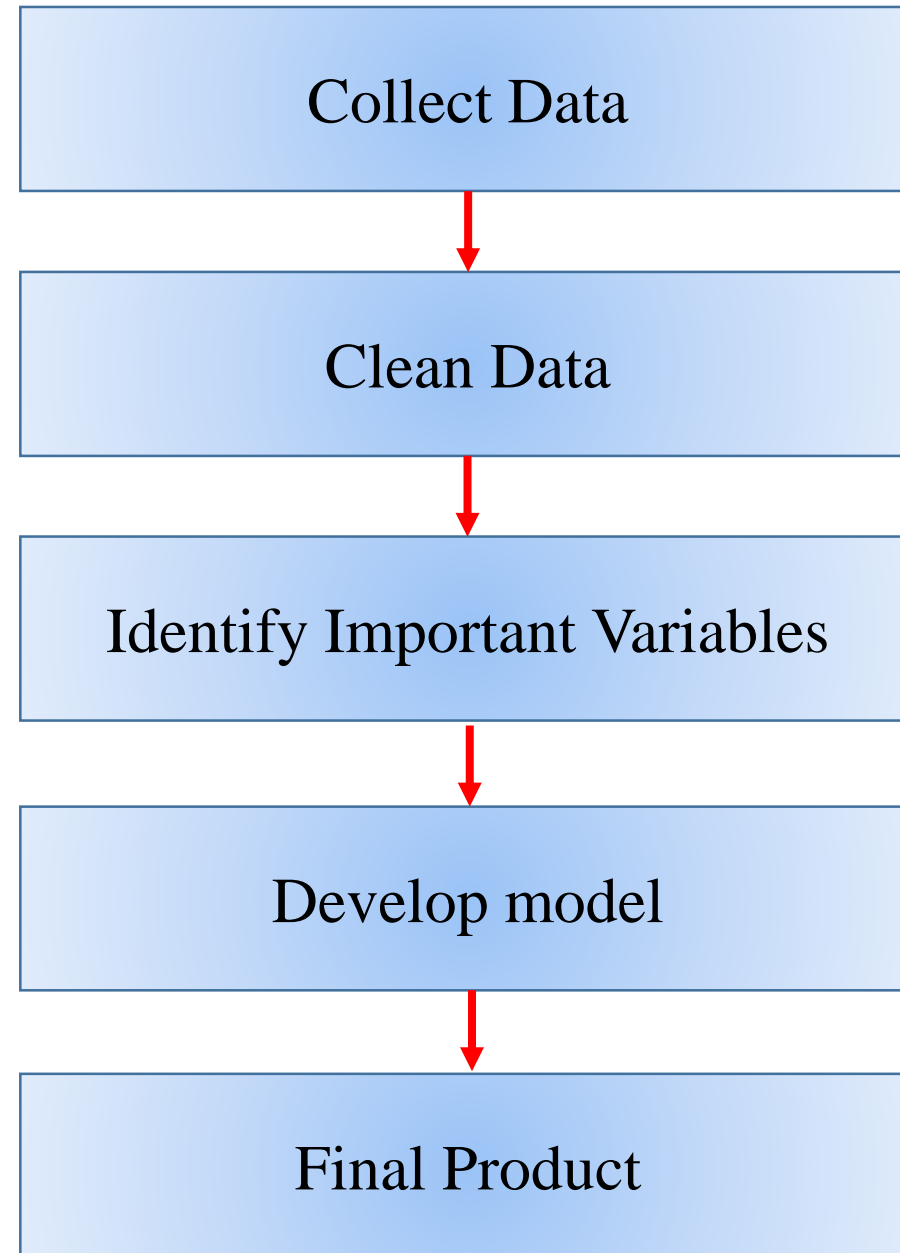

Low water
level

Low solar
radiation

114 MB so far for 9
oyster harvesting
areas

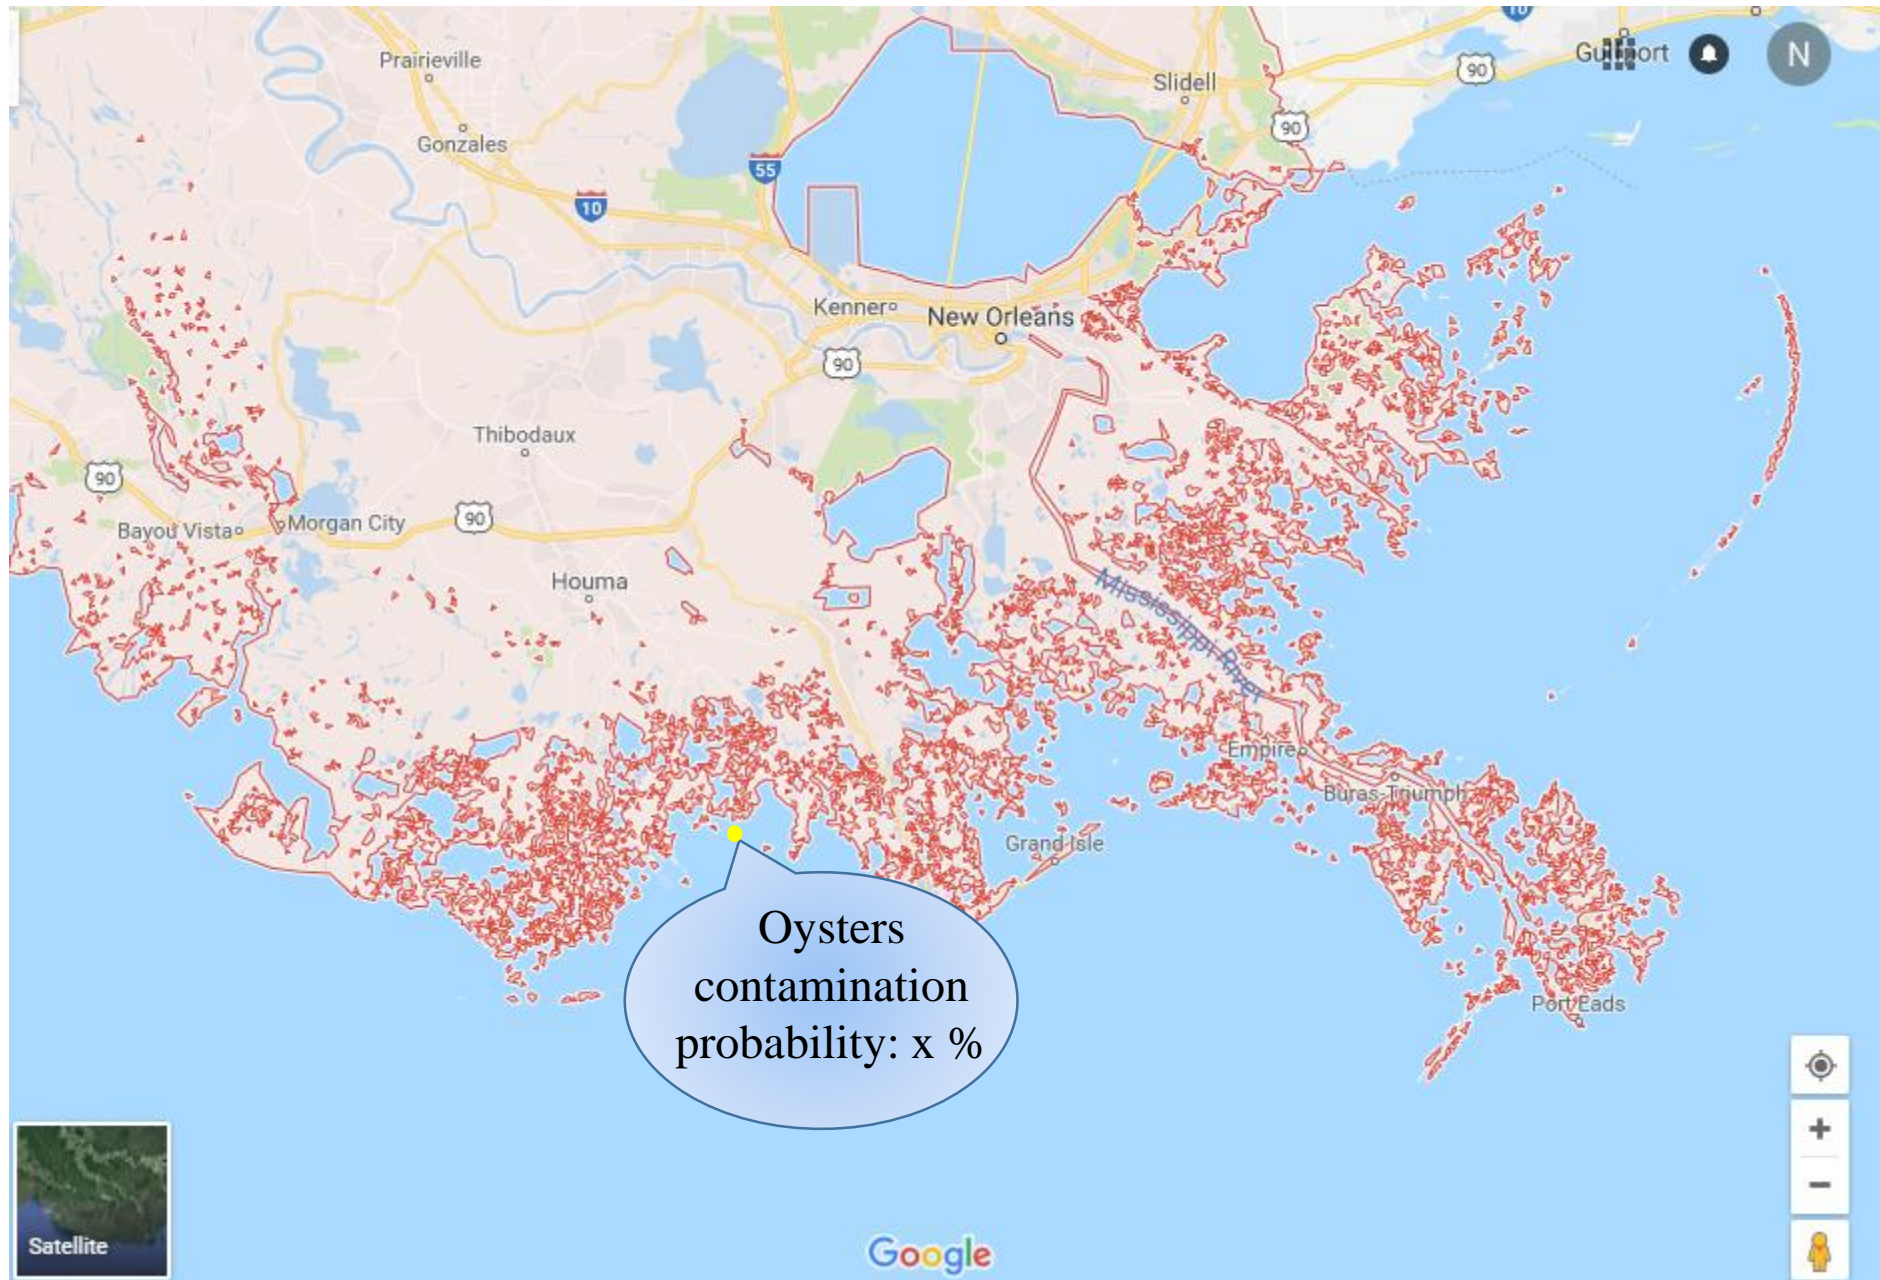

Aim to collect and
use satellite images

Challenge? missing data &
unreported outbreaks

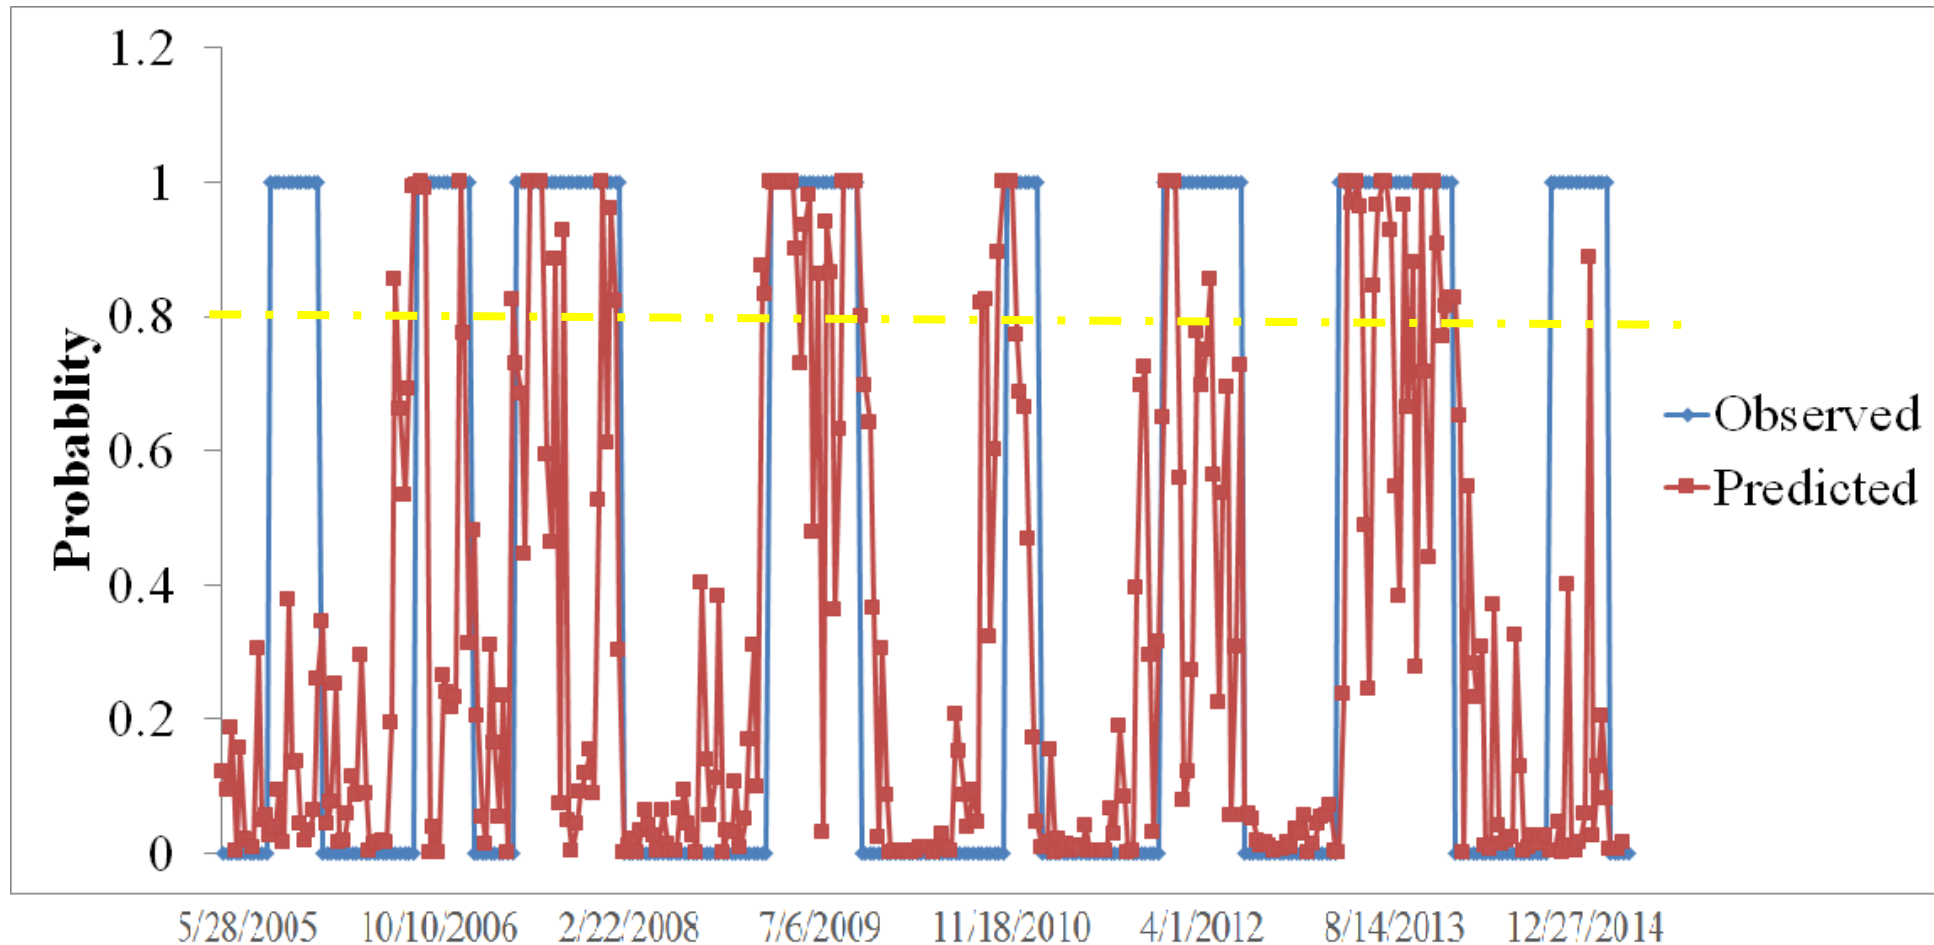

Important lags?

GP, ANN, etc.

Preliminary Results (GP)

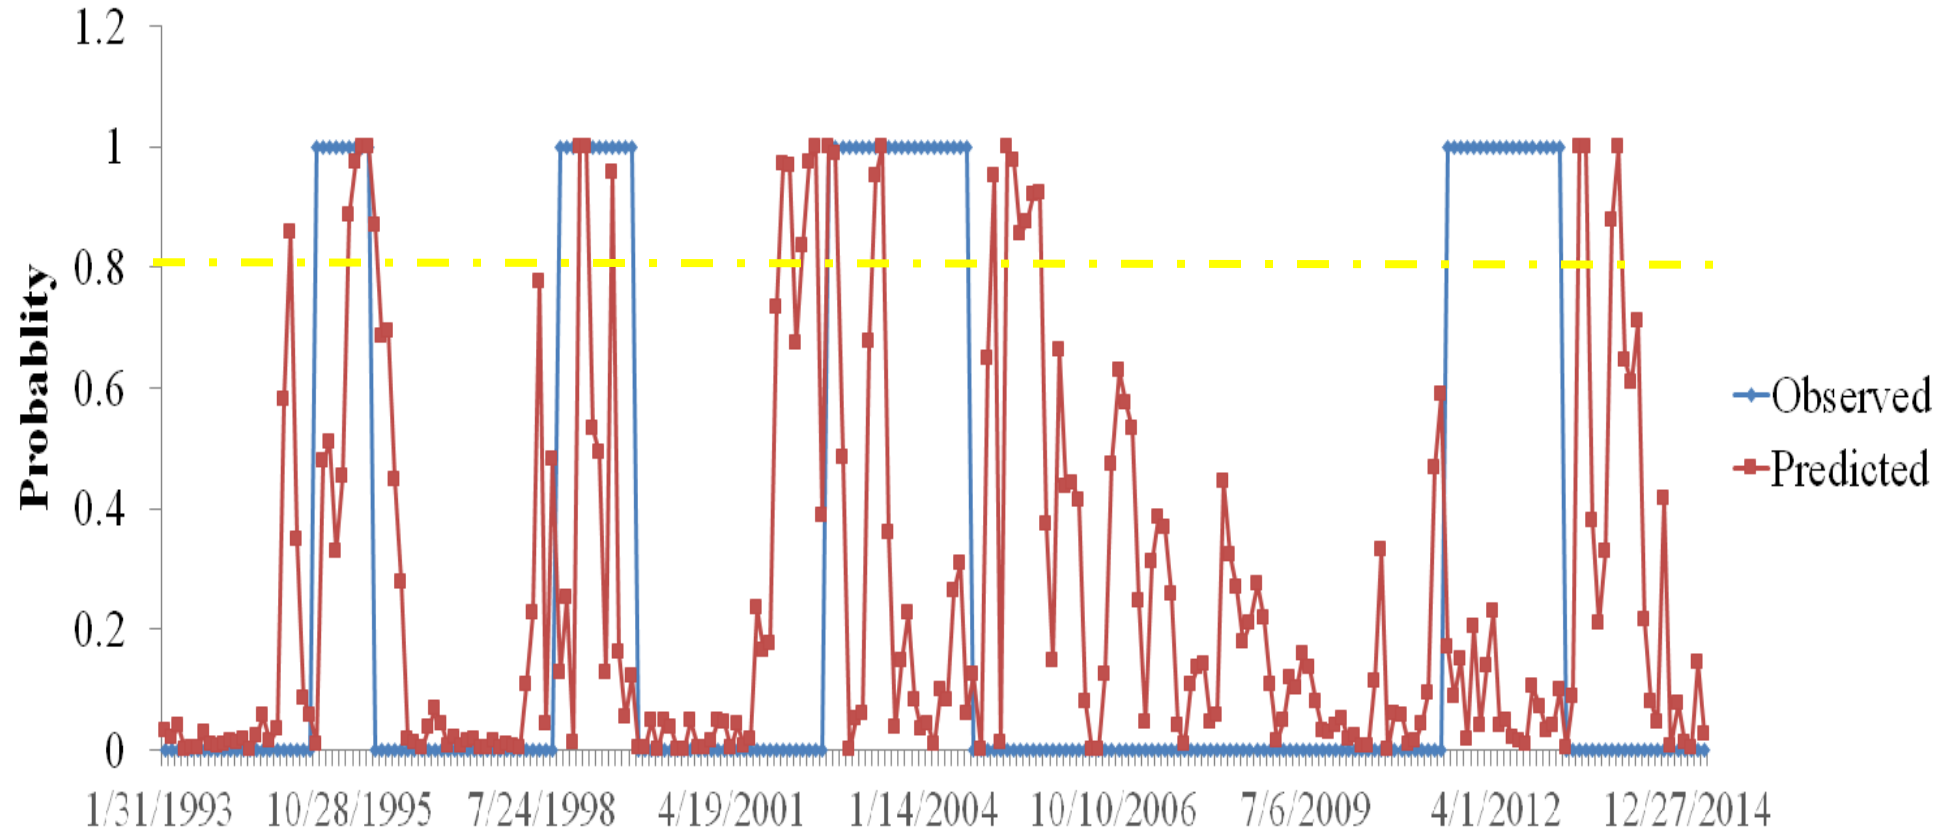

Important variables: water level and water temperature

Successfully predicted 7 out of 8 outbreaks RMS=0.42

Preliminary Results (GP)

Test

Successfully predicted 3 out of 4 outbreaks RMS=0.51
